# Important Information

## Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical fact, contained in this presentation are forward-looking statements, including, but not limited to, statements regarding our strategy, prospects, plans, objectives, future operations, future revenue and earnings, projected margins and expenses, markets for our services, potential acquisitions or strategic alliances, financial position, and liquidity and anticipated cash needs and availability. The words “anticipates,” “believes,” “estimates,” “expects,” “intends,” “may,” “plans,” “projects,” “will,” “would,” and similar expressions or the negatives thereof are intended to identify forward-looking statements. However, not all forward-looking statements contain these identifying words. These forward-looking statements represent our current reasonable expectations and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance and achievements, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. We cannot guarantee the accuracy of the forward-looking statements, and you should be aware that results and events could differ materially and adversely from those contained in the forward-looking statements due to a number of factors including, but not limited to: the existing and potential future adverse impact of the COVID-19 pandemic on Accel Entertainment, Inc.’s (the “Company” or “Accel”) business, operations and financial condition, including as a result the suspensions of all video gaming terminal operations by the Illinois Gaming Board between November 19, 2020 and January 23, 2021, which suspensions could be reinstated; Accel’s ability to operate in existing markets or expand into new jurisdictions; Accel’s ability to manage its growth effectively; Accel’s ability to offer new and innovative products and services that fulfill the needs of licensed establishment partners and create strong and sustained player appeal; Accel’s dependence on relationships with key manufacturers, developers and third parties to obtain gaming terminals, amusement machines, and related supplies, programs, and technologies for its business on acceptable terms; the negative impact on Accel’s future results of operations by the slow growth in demand for VGTs and by the slow growth of new gaming jurisdictions; Accel’s heavy dependency on its ability to win, maintain and renew contracts with licensed establishment partners; unfavorable economic conditions or decreased discretionary spending due to other factors such as epidemics or other public health issues (including COVID-19), terrorist activity or threat thereof, civil unrest or other economic or political uncertainties, that could adversely affect Accel’s business, results of operations, cash flows and financial conditions and other risks and uncertainties indicated from time to time in documents filed or to be filed with the Securities and Exchange Commission (“SEC”).

Anticipated effects or benefits from the contemplated transaction may not ultimately occur, including expected revenues; effective integration of Century’s operations, establishments and terminals with our own; integration of new technology to our own portfolio; and, integration of player rewards programs into our own system or expansion of those rewards programs in other US markets. We cannot guarantee the accuracy of the forward-looking statements, and you should be aware that results and events could differ materially and adversely from those contained in the forward-looking statements due to a number of factors including, but not limited to the existing and potential future adverse impact of the COVID-19 pandemic on Century’s business, operations and financial condition, including as a result of any suspension of gaming operations in Nevada and Montana; our ability to expand effectively into Nevada and Montana; our ability to manage growth effectively; our ability to offer new and innovative products and services that fulfill the needs of Century’s establishment partners and create strong and sustained player appeal; Century’s dependence on relationships with key manufacturers, developers and third parties; the negative impact on Century’s future results of operations by the slow growth in demand for gaming terminals and by slow growth of gaming in Nevada and Montana; Century’s heavy dependency on its ability to win, maintain and renew contracts with licensed establishment partners; unfavorable economic conditions or decreased discretionary spending due to other factors such as epidemics or other public health issues (including COVID-19), terrorist activity or threat thereof, civil unrest or other economic or political uncertainties, that could adversely affect Accel’s or Century’s business, results of operations, cash flows and financial conditions and other risks and uncertainties.

Accordingly, forward-looking statements, including any projections or analysis, should not be viewed as factual and should not be relied upon as an accurate prediction of future results. The forward-looking statements contained in this presentation are based on our current expectations and beliefs concerning future developments and their potential effects on the Accel. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control), or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described in the sections entitled “Risk Factors” in the Quarterly Reports on Form 10-Q and in the Annual Report on Form 10-K filed by Accel with the SEC, as well as Accel’s other filings with the SEC.

Except as required by law, we do not undertake publicly to update or revise these statements, even if experience or future changes make it clear that any projected results expressed in this presentation or future quarterly reports, press releases or company statements will not be realized. In addition, the inclusion of any statement in this presentation does not constitute an admission by us that the events or circumstances described in such statement are material. We qualify all of our forward-looking statements by these cautionary statements. In addition, the industry in which we operate is subject to a high degree of uncertainty and risk due to a variety of factors including those described in the section entitled “Risk Factors.” These and other factors could cause our results to differ materially from those expressed in this presentation.

## Industry and Market Data

Unless otherwise indicated, information contained in this presentation concerning our industry and the markets in which we operate, including our general expectations and market position, market opportunity, and market size, is based on information from various sources, on assumptions that we have made that are based on those data and other similar sources, and on our knowledge of the markets for our services. This information includes a number of assumptions and limitations, and you are cautioned not to give undue weight to such information. In addition, projections, assumptions, and estimates of our future performance and the future performance of the industry in which we operate are necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described in the Quarterly Reports on Form 10-Q and in the Annual Report on Form 10-K filed by Accel with the SEC, as well as Accel’s other filings with the SEC. These and other factors could cause results to differ materially from those expressed in the estimates made by third parties and by us.

## Use of Non-GAAP Financial Measures

This presentation includes non-GAAP financial measures, including Adjusted EBITDA, Adjusted net income, and Net Debt. Adjusted EBITDA is defined as net income plus amortization of route and customer acquisition costs and location contracts acquired; (gain) loss on change in fair value of contingent earnout shares; (gain) loss on change in fair value of warrants; stock-based compensation expense; other expenses, net; tax effect of adjustments; depreciation and amortization of property and equipment; emerging markets; interest expense; income tax expense; and loss on debt extinguishment. Adjusted net income is defined as net income (loss) plus amortization of route and customer acquisition costs and location contracts acquired; stock-based compensation expense; (gain) loss on change in fair value of contingent earnout shares; (gain) loss on change in fair value of warrants; other expenses, net; and tax effect of adjustments. Net Debt is defined as Debt, net of current maturities plus Current maturities of debt less Cash and cash equivalents. Management believes that these non-GAAP measures of financial results enhance the understanding of Accel’s underlying drivers of profitability and trends in Accel’s business and facilitate company-to-company and period-to-period comparisons, because these non-GAAP financial measures exclude the effects of certain non-cash items or represent certain nonrecurring items that are unrelated to core performance. Management of Accel also believes that these non-GAAP financial measures are used by investors, analysts and other interested parties as measures of financial performance and to evaluate Accel’s ability to fund capital expenditures, service debt obligations and meet working capital requirements. See the slide entitled “Non-GAAP to GAAP Reconciliation” on page 10 for additional information.

# Accel at a Glance

## High Quality Service Company in Gaming Vertical

As of March 31, 2022, Accel owned and operated 13,663 Video Gaming Terminals (“VGTs”) across 2,565 third-party licensed establishments in Illinois. Accel operates more VGTs than all 10 Illinois casinos combined

## Strong Track Record of Growth

Average Daily Net Video Gaming Revenue<sup>(1)</sup>  
(\$ in thousands)

## Contracted, Recurring Revenue

**8 Year** contracts

Average remaining contract length:  
**7.0 years**

**99%** Contract renewal rate<sup>(2)</sup>

Strong backlog of contracted locations waiting to go-live

## Disciplined Stewards of Capital

Balance sheet strength  
Conservative net leverage  
**\$147mm** of Net Debt<sup>(3)</sup>

Gaming legislation provides significant embedded opportunity for additional growth

1. Calculated as Net Video Gaming Revenue in the period divided by the number of operational days. For the year ended December 31, 2020, there were 217 gaming days. For the year ended December 31, 2021, there were approximately 347 gaming days.

2. Voluntary contract renewal rate for the 3 years ending December 31, 2021.

3. Net Debt is a non-GAAP financial measures that may not be comparable to other similarly titled measures of other companies. Accel does not consider this non-GAAP measure in isolation or as an alternative to similar financial measures determined in accordance with GAAP. For more information with respect to these Non-GAAP financial measures, see page 2 “Use of Non-GAAP Financial Measures,” and for a reconciliation of each of these measures to their most directly comparable GAAP measure, see page 10 “Non-GAAP to GAAP Reconciliation.”

# Recent Highlights

- Q1 2022 revenue was \$197 million
  - Location hold-per-day increased 3% despite Omicron and the 4<sup>th</sup> round of government stimulus checks issued in March 2021
- Removed equipment from 30 locations with 150 VGTs due to the 72-hour rule
  - Accelerated planned removals for the next several months
  - Expect to resume normal growth trend going forward
- Century acquisition expected to close at the end of May 2022
  - Century continues to perform better than Accel's original estimates
- Repurchased \$14 million of Accel A-1 Common Stock in Q1 2022
  - Repurchased an additional \$6 million of Accel A-1 Common Stock in April 2022

# Accel Quarterly KPIs

## End of Period Live Locations / VGTs (#)

## Location Hold per Day<sup>(1)</sup> (\$)

## Revenue (\$mm)

## Adjusted EBITDA<sup>(2)</sup> (\$mm)

1. Hold-per-day (HPD) is calculated by dividing the difference between cash deposited in all VGTs at each licensed establishment and tickets issued to players at each licensed establishment by the number of locations in operation each day during the period being measured. Then divide the calculated amount by the number of operating days in such period. Hold per day for the three months ended March 31, 2021 is computed based on 72 eligible gaming days (excludes 18 non-gaming days due to the IGB mandated COVID-19 shutdowns).

2. Adjusted EBITDA is a non-GAAP financial measure that may not be comparable to other similarly titled measures of other companies. Accel does not consider this non-GAAP measure in isolation or as an alternative to similar financial measures determined in accordance with GAAP. For more information with respect to these Non-GAAP financial measures, see page 2 "Use of Non-GAAP Financial Measures," and for a reconciliation of each of these measures to their most directly comparable GAAP measure, see page 10 "Non-GAAP to GAAP Reconciliation."

2. Presented as cash spend.

3. Net Debt is a non-GAAP financial measures that may not be comparable to other similarly titled measures of other companies. Accel does not consider this non-GAAP measure in isolation or as an alternative to similar financial measures determined in accordance with GAAP. For more information with respect to these Non-GAAP financial measures, see page 2 "Use of Non-GAAP Financial Measures," and for a reconciliation of each of these measures to their most directly comparable GAAP measure, see page 10 "Non-GAAP to GAAP Reconciliation."

# Regulatory Update

## Illinois: 6<sup>th</sup> VGT & Increased Bet Limit Software

- 2019 legislation allowed for the addition of a 6<sup>th</sup> machine at each location, and up to 10 total machines at certain qualified truck stops
- 2019 legislation increased the max bet from \$2 to \$4, and increases the max payout from \$500 to \$1,199
- 6th VGT and increased bet limit software installations complete
- Location revenue increased 30% - 35%

## Georgia Expansion

- Currently allows coin-operated skill-based games, primarily in convenience stores
- Legislation to legalize a prepaid card for Class B play did not pass

## Missouri Legislation

- Legislative session expected to end in May 2022

## North Carolina Legislation

- HB 954 which would legalize VLTs was approved by House Commerce Committee in 2021 but did not progress further
- Accel is working with other stakeholders to introduce VLT legislation in 2022
- 2022 legislative session expected to begin in May 2022

## Virginia Legislation

- Unregulated games were illegal as of July 1, 2021
- VGT legislation not considered during the 2022 session

| <b>Adjusted Net Income</b>                                                            | <b>23</b>           | <b>23</b>   | <b>6</b>    | <b>71</b>  | <b>11</b>          | <b>18</b>  |            |

1. Cost of Revenue includes Illinois state gaming taxes, Scientific Gaming revenue sharing, Location revenue sharing, ATM and amusement commissions payable to locations, ATM and amusement fees, and licenses and permits for the operation of VGTs and other equipment.

2. Adjusted EBITDA and Adjusted Net Income are non-GAAP financial measures that may not be comparable to other similarly titled measures of other companies. Accel does not consider these non-GAAP measures in isolation or as an alternative to similar financial measures determined in accordance with GAAP. For more information with respect to these Non-GAAP financial measures, see page 2 "Use of Non-GAAP Financial Measures," and for a reconciliation of each of these measures to their most directly comparable GAAP measure, see page 10 "Non-GAAP to GAAP Reconciliation."

3. Gain (loss) on change in fair value of contingent earnout shares represents a non-cash fair value adjustment at each reporting period end related to the value of these contingent shares. Upon achieving such contingency, shares of Class A-2 common stock convert to Class A-1 common stock resulting in a non-cash settlement of the obligation.

4. Gain (loss) on change in fair value of warrants represents a non-cash fair value adjustment at each reporting period end related to the value of these warrants.

Note: Numbers may not total due to rounding.

1. Stock-based compensation consists of options, restricted stock units and warrants.

2. Gain (loss) on change in fair value of contingent earnout shares represents a non-cash fair value adjustment at each reporting period end related to the value of these contingent shares. Upon achieving such contingency, shares of Class A-2 common stock convert to Class A-1 common stock resulting in a non-cash settlement of the obligation.

3. Gain (loss) on change in fair value of warrants represents a non-cash fair value adjustment at each reporting period end related to the value of these warrants.

4. Calculated by excluding the impact of the non-GAAP adjustments from the current period tax provision calculations.

5. Emerging markets consist of the results, on an adjusted EBITDA basis, for non-core jurisdictions where our operations are developing. Markets are no longer considered emerging when Accel has installed or acquired at least 500 gaming terminals in the jurisdiction, or when 24 months have elapsed from the date Accel first installs or acquires gaming terminals in the jurisdiction, whichever occurs first.

Note: With respect to Non-GAAP financial measures, see page 2 "Use of Non-GAAP Financial Measures" under Important Information. Numbers may not total due to rounding.
